MTO work force down, rains hit

Work force at Mississippi Test Operations dropped below the 1,000 mark this week, apparently largely as a result of the early week rains.

Personnel count was 963, down from 1,036 last week. Contractor employees numbered 614, a drop from 691. Otherwise, General Electric Co. added one to its support operation staff and three for its sub-contractors.

At least two inches of rain fell in Bay St. Louis this week and presumably the same general storm affected MTO. Brother Joel at St. Stanislaus College weather observation post found 1.5 inches Tuesday morning after Monday's flash storm in the afternoon and night, and 1.03 inches from the day-long drizzle Wednesday.

The U. S. weather bureau post at MTO said it has been ordered not to give out any weather information in the future.

J. K. Glenon, press briefings officer at MTO with the Corps of Engineers, has been transferred to Eglin Air Force Base, Fla., where he was assigned before coming here last July.

Open 4th set road bids, price rising

Bids on the proposed hard-surfacing of Rocky Hill Road in Beat 3 were again held over at Tuesday afternoon's meeting of the board of supervisors.

It was the fourth time bids on the state aid project had been taken, four bids having been rejected March 17 because of alleged errors.

Supervisors objected to the increasing cost of the project noting that Tuesday's low bid was from the same company making the low bid last time but the new figure approximately \$13,000 higher.

Bidders were Necaise and P. E. Inc., of Gulfport, \$170,742.48, and Laurel Hotmix, Inc., Laurel, \$181,344.99.

George Wier, county engineer, and B. L. Broome, state aid district engineer, checked the bids and advised they had found a \$100 error in the Necaise and P. E. figure, the total amounting to \$170,642.48. Last month's bid of the same company was \$156,065.41.

Board president R. G. Hubbard, Jr., asked Broome if the project could be done by the county, using county-owned equipment, etc. He replied he would check with officials in Jackson. Hubbard noted he had constructed the Lower Bay Road with county equipment for ten per cent less than the lowest bid of private contractors.

Board attorney Lucien Gex noted the bond accompanying the

Delegation to the Port and Harbor Commission of a mediation role was offered as a possible solution to the county's redistricting problem by Beat 1 Supervisor Harlan G. Dean at Monday's board meeting.

Dean suggested each supervisor meet with the commission and present a plan, citing his problems, and that he for one would be willing to abide by whatever decision was made, adding that he believed all members of the commission are men of integrity and would make a fair and impartial finding.

Hardin Shattuck, president of the commission, thanked Dean for his "vote of confidence" adding that they would take up the matter at a future meeting. Supervisors also agreed to discuss the proposal further. Two members of the port commission were involved in a civil suit asking for a supervisors' election at large until the supervisors agreed upon a redistricting plan. Dr. A. K. Mardolich, Jr., commission treasurer, is a plaintiff in the suit and Norton Haas, secretary, is a defendant as a member of the election commission and the only member to file an answer.

Shattuck had met with the supervisors to present a preliminary planning report prepared by Michael Baker, Jr., Inc., consulting engineers of Jackson. The board approved an initial payment of \$15,000 to the Baker firm out of a fund created by earmarking of one mill for that purpose, the Port and Harbor Commission having adopted a resolution requesting such action.

In other matters the board approved a plat of Lafitte Estates Subdivision in Waveland and Dix Ashman presented a \$12,000 performance bond, as required by proposed subdivision regulations, requiring owners to complete street work in accordance with plans and specifications. The subdivision is in the 2nd ward of Waveland and extends from Central Avenue to Beach Boulevard.

Also approved was a \$100 donation out of the advertising fund to Christ Episcopal Day School for advertisement in a school brochure for the annual spring festival although board president R. G. Hubbard, Jr., cautioned that state auditors in the past had warned the fund should only be used for ads in publications of wide distribution.

Dean asked for approval of the donation with a notation in the minutes that it would be the last of this type and that he would take the responsibility of explaining to any other solicitors. At this point Mrs. Theo Tudury, recreation director for the Bay St. Louis Parks and Playgrounds Commission, entered the room and requested financial support for the softball league. Hubbard in-

Hospital moves to

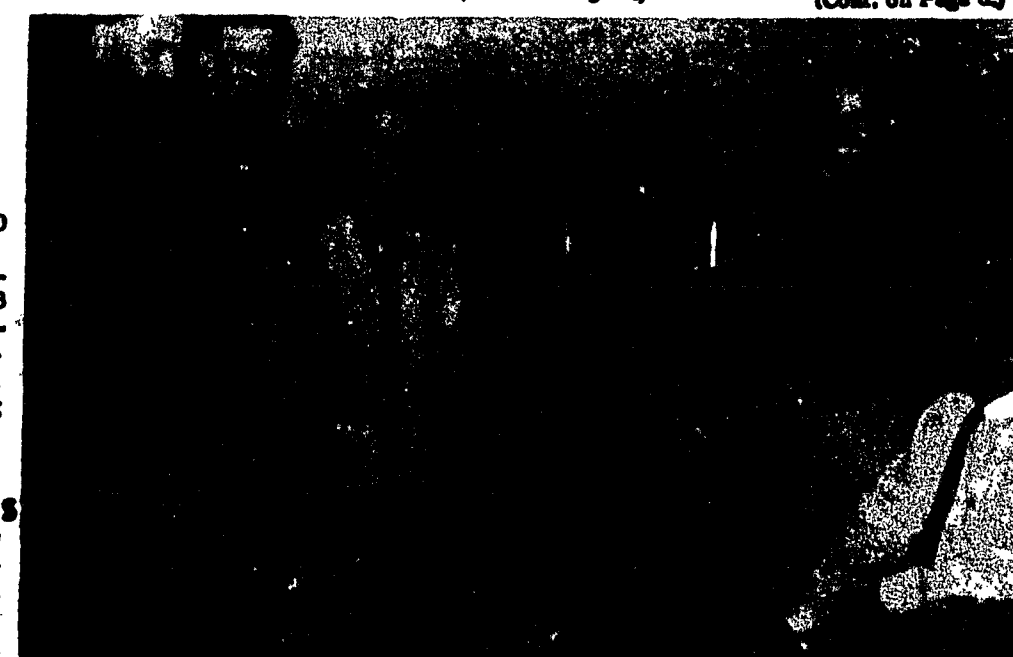

June start

"We should have something going in early June", administrator Tom Logue told the Hancock General Hospital trustees at a meeting Tuesday night speaking of the 30-bed addition.

"We are going over every detail of the plans so that when presented to the board of supervisors no time will be lost in getting bids. I think we are on the threshold of becoming the best hospital in Mississippi", he added.

Preliminary plans were laid for the annual open house at the hospital during National Hospital Week, Logue saying he hoped to include ground-breaking

FROM UP COUNTY

By JOHN HECAHNE

Believe it or not I have returned. For those of you who do not remember me, I'm the North Hancock County who some eight weeks ago received a check across the board which in some respects is a slightly broken right hand and I'm also the Joe who use to write the basic happenings in my end of the county.

Not having written in so long I surely won't try to report all that back news, but I would like to mention a few events that took place a couple of weeks back for obvious reasons.

The Hancock North Central Hawks fell short of winning that state trophy that we were all so hoping for, a couple of weeks back by losing to a Tupelo team in the State A-AA semi-finals in Jackson.

The HNC Junior class under the direction of Walter Davidson recently presented the annual junior play. Those of us in the cast are more grateful than words could possibly express to Mr. Davidson for what he did for us. He took it on his own to direct our play, not being our class sponsor. He worked worried, and sweated day and night for almost six weeks until he had the play off.

The '64 Hawk yearbooks arrived last week. They are bigger and better this year. Hats off to Romonda Hoda and Vivian Baker, editors Mrs. Kennedy, guiding light, and the rest of the Hawk staff.

The 4-4 Chapters last week had monthly meetings. Elmer Ferguson, presided over the meeting for the boys division, while Mr. Smith, sponsor, sat in. Miss Paula Harrel presided over the girls division. Mrs. Hughes was present. Homer Williams also looked in on the gentlemen 401'ers.

Late, but still a very sincere expression of sympathy to the family of Willie Ladner, father of Coach Roland Ladner who passed away recently in Crosby Memorial Hospital, Piquette, after a long illness.

Out for their early vacation from Grimes were Peggy and Joe Cooley. They spent part of their time with Joe's mother, Mrs. Bertha Cooley, part with Peg's mother and dad Mr. and Mrs. M. J. Nacisse and part with the Cadillac, (the Cooley's trusty little boat).

Association CVO recently enjoyed an evening of marshmallow roasting, and hay riding. The group danced at the White Cypress Youth Center before going on their two hour hayride and before that they attended the closing of 13 hours adoration. Others present for these events were Mrs. Riddle Mazarakis, Mrs. Robert Hudson, adult advisors and Rev. Kenneth Brown, moderator. They felt it was a little too cool for hay riding so they did not go hay riding.

The CVO conducted a day of recollection last Sunday.

The money raised recently by the HNC Juniors from their play will be used to give a semi-formal banquet in honor of the '64 graduating class May 7 at HNC. The faculty, school board, and Superintendent Robert Ladner will be those, other than juniors and seniors, invited.

A welcome change to the portals of HNC recently was the addition of beautiful drapes to the cafeteria and home ec department. Hats off to the person responsible for the items mentioned above.

Riding around in their new little blood red, stick shift, bucket seat buggy are Myrna and Henry Steen.

Recently moving in their new home at Kiln, near the Sisters' Convent are Lynn and Shelly Halden. The couple were recently married and made their residence in Piquette. Shelly is employed in Bay St. Louis. He is a graduate of HNC and Lynn is the former Lynn Bilbo of Kiln and Piquette, graduate of St. Joseph Academy.

Visiting her son and daughter-in-law in Waveland, Mr. and Mrs. Robert Ladner, recently was Mrs. Agnes Ladner of Kiln.

At a recent assembly program, Hawk cagers presented the six different tournament trophies won during the year to J. D. Panton, superintendent. Coach Roland Ladner also made several awards to Wendell, Berlin and Eugene Ladner for their being selected on different all-tournament teams.

Miss Twillipha Cuevas presented a certificate to Valerie Malley, sophomore, who was

Mrs. John Saleeby was elected secretary and Mrs. Russell Kintzley vice president of the Clermont Harbor Home Demonstration Club at its meeting Monday at the home of Mrs. J. P. Rousseau.

Mrs. Joseph Hughes, home agent, gave the program on the selected for the Gulf Coast Conference all-tourney team. Coach Ladner delivered a brief speech to the student body thanking them for their support during the season and their expressions of sympathy during the illness and death of his father.

Congratulations to straight A senior Romonda Hoda who was chosen Student of the Month for March by the teachers. The program is being sponsored by the HNC Publicity Club.

week and discussed possible ways of making money. Several committees were appointed to look into the matter. Purchasing of a new sign to go out on Rt. 603 pointing into North Central also is under study.

In Gulfport Saturday on business was Mr. and Mrs. Michael Necaise of Kiln.

Kick-backs

When Mr. Curtis Flowers, secretary of Mississippi Petroleum Committee, talked to local filling station operators and distributors last March 14 he emphasized that the gasoline taxes in Mississippi, the highest in the nation, were sufficient to provide us with good roads under one condition—efficient use.

Mr. Flowers pointed to several studies made of Mississippi road construction operations and said all came to the same conclusion—the state had at least five times the number of road districts it should have, i. e., our beat operations.

When bankruptcy of a large equipment distributor a couple of years ago brought in the open the kick-backs at least some supervisors were getting, the legislature hushed things up by setting up an investigating committee. Rumor has it that the question was too hot to handle because they had difficulty finding more than a couple of supervisors who hadn't taken substantial kick-backs.

Legislation now being proposed for this session of our legislature would, through cutting off state gasoline tax allocations, in effect require counties to adopt a county unit system of road administration under the control of a county engineer-manager, with the supervisors establishing general policies but having no hand in administration.

The proposal makes sense. All who have studied our present beat road and bridge construction and maintenance system have advocated the county-wide system. There is no doubt the proposal would be an improvement and a big one.

On the other hand we don't think it has a chance to pass because of opposition from county supervisors, who after all do have a lot of political influence when the legislators run for office.

However, one good thing may come from any serious attempt to get this proposal enacted. Any supervisor you find opposing it leaves himself wide open to more than a suspicion of accepting kick-backs—like the Fifth amendment pleaders. Maybe in spite of the legislative investigating committee we can be reasonably sure which of our supervisors is accepting this form of graft.

K&C News BY GEORGE HEITZMANN

State convention dates are April 25 and 26. Headquarters will be the Downtown Motor Inn with Father Korstenbrock Council No. 2134 of Greenville as host council. Delegates from Bay St. Louis to attend are: Joseph Benvenuti, Jr., Patrick Murphy and State Warden George R. Heitzmann.

Motoring to Hattiesburg last Tuesday night to attend the K of C meeting of the Hattiesburg Council which is named after the late Bishop Leo P. Fahy (This meeting was held in conjunction with the forthcoming Exemplification to be held in Bay St. Louis this Saturday and Sunday) were Patrick Murphy, Ed. A special, informal meeting was held last Saturday for the prospective members followed by a tasty meal served by Anthony and Jane Morreale. Plans are being made to visit several neighboring councils in the near future and those interested are asked to inform Grand Knight Patrick Murphy.

The Mississippi Legislature POLITICOS SPEAK BY RALPH SOWELL JR.

When Mississippi history is recorded analyzing the actions of the 1964 Legislature, the teacher pay raise may well be considered the spark that fired the flame.

Let's look at the picture. Several weeks ago, the Senate took the first step when, under the driving force of Senate President Carroll Gartin, they passed a measure calling for a pay raise.

Immediately, certain Senate leaders and Gov. Paul Johnson derided such a move. Most of the objection was that the state is already in a financial crisis, and why make it worse, by calling for a salary raise for teachers.

Since that time, the issue has not been formally called to the front. House Speaker Walter Sillers referred the Senate bill to two committees—the Education, and the Ways and Means Committees. It has not yet come before the House for action.

Meanwhile, last week, a relevant incident gave reason to believe that the House might be in favor of the bill.

Wednesday, legislators supporting a sales tax boost from three to three-and-a-half per cent received a set-back when the House voted 61-55, to return the money matter to the Ways and Means Committee for further study.

A long session

The move shocked many members of both houses. They immediately voiced that "we'll be in session into the summer if we don't pass some tax measure to balance a \$336 million budget."

The sales tax boost would provide enough to finance the budget approved by Gov. Johnson, but the key issue seems to be: the half-cent boost will not provide for a teacher pay raise.

Some legislators are opposed to any increase in taxes, and others favor raising the tax to four per cent so the teachers could get a salary hike. These two forces combined delayed action on the sales tax raise.

There seems to be some organized support to the idea that the sales tax falls the hardest on the man who is least able to pay. And this person doesn't have an organized lobbyist, as do other special interests.

Meanwhile, an attempt to raise \$22 million by calling for a two cents a bottle tax on soft drinks failed to pass the House Ways and Means Committee.

The breach between the House and Senate seemed to deepen over the weekend as both houses spent two days touring the Coast. A political observer reported that members of the House are disturbed that Lt. Gov. Gartin has plans to kill a controversial bill that would forbid cities to participate in the federal urban renewal program. The bill was passed by a 100-13 vote in the House last week.

Gartin told UPI that he intends to refer the bill to two committees when it comes to the Senate for consideration. One of the committees will be the Municipalities Committee, and it is expected that they will hold the measure until the session ends, thus killing it.

This seems to be a similar action taken by the House on the teacher pay raise bill. The possibility that the two bills could be "traded-out" might be in view.

Election law bills

The other key issue in the Legislature's 14th week was centered on the controversial election law revision bills. Monday night, the House held a public hearing on the bills.

Charles Sullivan, Democratic gubernatorial candidate last summer, was among those opposing the measures which Republicans insist will suffocate their party. Others speaking were Wirt Yenger, Jr., state Republican chairman, Yazoo City Editor Norman Mott, B. B. McLendon, GOP State Legal Counsel. Editor Mott, after stating he represented neither party, made one of the best presentations against the bills when he said, "The Republican party is made up of Mississippians, not carpetbaggers from Yankee land. Restrictions put forth in the bill thwart beliefs of those who think the two-party system is the way out of our dilemma in national politics."

Hancock legislators

Sen. James A. Rester of Leetown was among the introducers of a measure dropped in the hopper in the senate last week which would aid in preventing innocent infringements of the rights of copyright owners, relating to copyrights and public performing rights in musical compositions.

Rep. Walter J. Phillips of Bay St. Louis was among the introducers of three bills slated for House action. They would: —Prohibit any person or organization as a lender of money to charge a fee of a borrower for endorsement or substitution of an insurance policy.

—Authorize the boards of supervisors of certain counties, in their discretion, to pay up to \$3,000 per year for the employment of an additional deputy sheriff.

—Repeal the Black Market Tax.

Owner denies fire was by explosion

The fire which destroyed house at 487 Thomas St. last Wednesday badly burning two year old Lyric Heverling was not the result of the water heater exploding, according to Leon Doerflin, owner, contrary to reports at the time. Doerflin explained that the heater was still operable and that had it exploded would have been blown to bits. He expressed the opinion that the like cause of the fire was the insertion of a paint brush in the heater, saying one had been found there.

Port study sees 30 ft. harbor need

"To attain full seaport recognition and be competitive position with other Gulf Coast ports, Hancock County must develop a harbor with a depth of at least 30 feet."

This statement is contained in a 143-page preliminary planning report made by Michael Baker, Jr., Inc., consulting engineers of Jackson, presented by Hardin Shattuck, president of the County Port and Harbor Commission, to the board of supervisors at Monday's meeting.

The report is designated as Phase A of the County Port and Harbor Development Program and was contracted for Oct. 28, 1963, by the commission, supervisors having earmarked one mill for that purpose. Shattuck noted that if the program is carried out, two mills "now going out of the county could be retained."

The report states that stimulus toward industrial development for Hancock County as a result of activities at Mississippi Test Facility can be great. "It is advantageous for allied industries... to be located close by but it is largely up to the enthusiasm and resources of the communities."

Redistricting...

(Cont. from Page 1.)
Immediately referred her to Dean who explained why there was no money earmarked for this purpose and offered a personal \$10 donation which Mrs. Tudury accepted for the trophy fund adding the league would be happy to accept any other contributions.

Hubbard also promised to have a county bulldozer work on the municipal beach as soon as possible.

Jack Ladner was given authority to use a rear section of the Jackson Ridge 16th Section land for a rifle range for county youths with the understanding that all practice sessions would be supervised.

Ivey E. Peebles, deputy chancery clerk, was instructed to advertise for three two-way radios, two to be used by the MTO security patrol and one for game warden Pat Toomey. Toomey noted that 50 per cent of fines for game and fish violations remain in the county and would more than cover cost of a radio for this use.

The board inspected property in Clermont Harbor owned by a Garcia family, controversy having arisen over location of roads. Another faction of the family will be heard at next Monday's meeting when a solution will be found, supervisors hope.

Committee members for the tournament are: advertisement and posters, Louis Ladner, Frank Trapani and Henry Monti; food and drinks, Mrs. Tudury, Harold Kraskey and Claude Yarbrough; field, Rev. Michael Kelly and CYO team; schedule and teams, Donald Caldwell, Bill Johnston and Southern Realty team.

Umpires will be Red Reinike and Jack Saunzenen. Number of teams is limited to ten.

Next meeting was set for May 4 at the Knock Knock ST. MONICA SILVER TEA

St. Monica's Guild of Trinity Episcopal Church at Pass Christian will have its silver tea from 3 to 5 p.m. Wednesday at the rectory, 210 Church SMITH RECITAL

Mrs. Carl T. Smith will present her piano students in a recital at 8 p.m. Monday, Bay High School auditorium.

Road bids...

(Cont. from Page 1.)
Hubbard said the next job was construction of a road in Beat 4 and suggested if the county could not do the job in Beat 3, bids be advertised to include both roads which might effect a saving, he said. He said there was approximately \$391,000 earmarked for state aid road construction.

Marquez-Mancuso vows spoken in New Orleans

Miss Laura Ann Mancuso, daughter of Mr. and Mrs. Dominic Mancuso of New Orleans, became the bride of Marion J. Marquez of Pass Christian and New Orleans, son of Mr. and Mrs. Vincent Marquez of Pass Christian, in a double ring ceremony at 10 a.m. Saturday at Our Mother of Perpetual Help Chapel in New Orleans, Rev. Dennis O'Hara, CSSR, was celebrant.

Given in marriage by her father, the bride had as maid of honor Miss Sylvia Millet of New Orleans. Toni Louise Mancuso, niece of the bride, was flower girl.

Vincent Marquez, Jr., of Baton Rouge, brother of the groom, was best man. Ushers were Charles Mancuso and Joseph D. Mancuso, brothers of the bride.

A reception followed at the home of Miss Edith Moore on Laurel Street in New Orleans where the wedding party was assisted in receiving by Mrs. Mancuso, the bride's mother, and Mrs. Marquez, the groom's mother.

After a two-week wedding trip to Silver Springs, Fla., the couple will be at home at 8045 Marshall Dr., Harahan, La.

Among out of town guests attending were Mrs. W. E. Marquez, grandmother of the groom, and Miss Fannie Marquez, his aunt, from Bay St. Louis; Mr. and Mrs. Vincent Marquez, Jr., of Baton Rouge; Mrs. Chris Herring of Lake Providence, La., mother of Mrs. Marquez; Miss Katherine Marquez, Mrs. Emily St. man, Mr. and Mrs. A. M. Keel, Robert Bourdin, Mr. George Courtenay and Mrs. S. Pagano, all of Pass Christian.

merly owned by the late Mr. and Mrs. Leonard King. Newlyweds Glenda and J. D. Bourgeois spent probably one of the shortest honeymoons on record at a Biloxi motel. They returned to Waveland in time for breakfast at Maiste and Ducre Bourgeois' Sunday a.m.

Despite an enthusiastic group of feminine rooters and male hecklers the Legion auxiliary bowling team bowed to the red hot Mulletts three games to one at Tower Lanes Sunday afternoon. However Mat Rhodes helped save face for the gals ending up with the third highest total pins. Junior La Caze was tops with a 550 series, M. J. Gieber second with 516 and Mat had 492. There will be a re-match at 7:30 p.m. this Sunday.

Cliff and Carl Bandaret report a wonderful time on their recent trip to Bradenton, Fla., where they visited their daughter and son-in-law, Beverly and Billy James and saw their new grandson, Troy Lee, born on March 26, the James' fourth child and third boy. Carl especially enjoyed the vacation as he was just in time to view a number of major league exhibition baseball games.

Big send-off Betty (Mrs. Gordon) Romanoff's family gave her quite a send off Sunday. The group

to take a short cut through the mountains and ran into such impossible weather, sleet, ice, snow and rain that they were truly happy to return to the sunny Coast.

New recipe Speaking of babies, June and Jim Thomas Hall are on the stork's list for delivery in late summer. June assures us she was the local originator of jello as hair setting lotion, swears by it and says it matters not whether it be lemon, lime or even black raspberry! Just choose your favorite scent!

Dropping in on Geri and Sam Blanchard Sunday were Gerri's mother, Carrie (Mrs. Doyle) Spell of Vidalia, La., and Helen and Al Buttress and daughter Helene of Natchez.

Mr. and Mrs. George Stevenson spent their vacation last week in Mobile. For their information that the tall, tall Waterman Building.

Just about the boldest thief imaginable struck at the home of Mrs. E. Everett early Monday night. She had been counting money to pay bills when her next door neighbor called to invite her to dinner. She left her wallet and change purse in which she had been saving extra cash for several months, on the dining room table. Upon her return she discovered both missing. She has little hope of recovering the much needed money, but hopes the thief will at least return her important papers.

A recognition of National Library Week coming up April 1, we'd like to give a bit of credit to our local City-County Central Library and the gracious ladies there who are always willing to go above and beyond the call to help readers find the book they would like to read. Our library is just in the first block of Court Street just beyond the new Federal Savings and Loan building (the directions for benefit of newcomers) and will feature three displays for the viewing during Library week.

Hippo Phillips was worried that his flower beds had been permanently damaged by last week's hail, but reports they're coming back to life! boarded a plane in Gulfport bound for the Crescent City. They all saw Betty take off in a jet for Wisconsin, then flew back to Gulfport and drove home.

Having something like two dozen grandchildren one would hardly expect Lottie and Garfield Lader to be walking on air after receiving the news that they will become great-grandparents for the first time in November. Grandson Buddie and wife Jeralyn Wilson called them, her parents, Myrtle and R. F. Jones and his mother, Grace Bordages, from San Diego Sunday night with the happy tidings. Jeralyn will return home in September to await the arrival.

More bootie knitters—Jean (Mrs. Vladimir, Jr.) Fusch is waiting for the arrival of her fourth any minute. In fact the second little girl or third boy may have already arrived; and Betty and Clyde Lader will become parents again come (Cont. on Page 12.)

Stinson, Merritt win at Gulfport

St. Stanislaus' Richard Stinson and Peter Merritt won the shot put and discus throws while the Rocks' relay team took the 440 and 880-yard relay races to place the Rocks in a strong second place finish in a triangular track and field meet at Joseph W. Miller Stadium at Gulfport Friday afternoon.

Gulfport won 10 of 15 events for a total score of 180 points followed by Stanislaus with 57 and Notre Dame 22. Although taking only second place in the shot put, won by Stinson, Woody Dawsey set a new school record for the Commodores with 46 feet, 5 inches. Stinson's toss was 47 feet, 10 inches.

Winning the 880-yard relay were Charles Levings, Merritt, Lovell Griffin and Dale

Burke while Mike Brady, William Delaune, Merritt and Dale Burke topped the 440. Brady and Burke, two of the college's best throwers, were injured and will be benched for at least a week and a half when Brady accidentally cleated Burke during a hand-off, Burke suffering a sprained ankle.

Second place winners were: 22-yd. dash, Burke; 18-yd. hurdles, Don Delaune; 120-yd. hurdles, Delaune; Mile relay, broad jump and high jump, Brady. Jerry Heitzman was third in the mile run.

The Rocks were scheduled to compete in the Biloxi Invitational Wednesday.

Swim lessons registration is under way

Registration is now in progress for the Red Cross sponsored swimming program to be held this summer. Mrs. P. E. Furter, Jr., water safety chairman of the local chapter, announced this week.

The forms were distributed in the schools yesterday and must be returned by April 30 so that schedules can be arranged. The Parks and Playgrounds Commission of Bay St. Louis which cooperates with the Red Cross on this project has removed registration fees this year.

Beginners' and advanced beginners' classes are scheduled June 1 to 12. Intermediate classes June 15 to 26; and junior lifesaving classes in August at a date to be fixed.

Senior lifesaving classes will run from May 11 to 22 at Camp Onward pool in preparation for the summer's work with the young people.

In Mississippi... at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst's whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Mississippi... beer goes with fun, with relaxation

Record field registers for Little League

A record number of 97 boys signed up Saturday morning for this year's Little League baseball competition. Mrs. Theo Tudury, Parks and Playgrounds recreation director reported.

Pony League players are to sign up this Saturday as well as any Little Leaguers who were unable to appear last week. Mrs. Tudury said she is also trying to form a Colt League this year for 15 and 16-year-olds but needs sponsors. She is attending a meeting today of the Area Pony and Colt Leagues at Biloxi and hopes to be able to enter at least two teams in coast competition.

Tiger 9 add loss to Hounds' record

Bay High's steadily improving baseball team handed Ocean Springs its second defeat of the season Friday afternoon in Freedom Field at Ocean Springs 6-5 after a Greyhound last inning rally fell one run short. Ocean Springs is now 5-2 for the season and Bay High 2-1, their only defeat being at the hands of St. Stanislaus in the season's opener.

Winning pitcher was Earl Fayard although Mike Strong had to come to his rescue in the seventh, managing to stop the Greyhound rally before they could get over the tying run. A couple of walks along with two dropped fly balls and a couple of errors accounted for Ocean Springs' three runs in the bottom of the seventh, their only other score coming in the second.

In the top of the third with the Greyhounds leading 1-0 Tiger Walter Gagnon walked, stole second, moved to third on a passed ball and scored on a fielder's choice. Leroy Luke started the fireworks in the fourth inning with a mighty triple, scoring on Mike Smith's double.

Battling in the clean-up slot, Luke again came through with a triple in the top of the seventh after Fayard was safe on an error. Dick Watts drew a walk, Leslie Blaize doubled and Mike
